

**EA0005**  
**5W 'One Shot'**  
**Loudspeaker**

## INFORMATION SHEET

### DESCRIPTION

The Tyco EA0005 'One Shot' PA speaker and grille is designed to install easily into 10 to 13mm plasterboard/acoustic ceilings.

Simply drill the required size hole, terminate the wiring and push the speaker into the ceiling until it snaps into place.

They are designed to meet the requirements of AS2220.1.

The transformer features five power taps from 0.33 to 5W and a 22 $\mu$ F capacitor and a 4 way terminal block.
